RECEPTION GIVEN REV. J. B. CURRIN

By Members of Congregation and Pastors of City.

A Delightful Evening Enjoyed in Parlors of First Baptist Church Thursday.

One of the most pleasing church social events of the season was the reception given by the members of the First Baptist church, together with the ministers of the city, to the new pastor, Rev. J. B. Currin, Thursday night. The reception was held in the Baptist church auditorium between the hours of eight and ten, there being more than one hundred and fifty people in attendance.

Dr. C. T. Wiant was the master of ceremonies of the evening. At 8:30 o'clock, he called the assembly to order and an informal program of addresses and music was enjoyed. George E. Barnard, Rev. George M. Rourke and Rev. Byron C. Platt each made short addresses of welcome, extending to Rev. Mr. Currin a hearty greeting and inviting him to become associated with the ministerial association of the city.

A musical selection of much consequence was a vocal solo, rendered by Mrs. J. S. Banning. The accompaniment was played by Miss Iva Wingett. Mrs. B. Alline gave an excellent reading, subject "On a New Church."

Among the pleasant features of the evening, there was more than a delightful than the one planned by the ladies of the church in the way of a delicious three course luncheon.

The program was concluded with a responsive address by Rev. J. B. Currin. He thanked one and all for their most cordial greeting, and said that the occasion will be cherished as one of the most memorable and pleasant in his pastoral history. Continuing he said, "I have always worked in union with my fellow ministers, and I feel that I can just fill right into line here." An all around hand shake and general social hour concluded the pleasant affair.

ROBBINS IS APPOINTED

General Manager of Interlocking Station

PENNSYLVANIA COMPANY

Will be Asked to Issue Additional Capital Stock.

All Erie Coaches Not Vestibuled Must be Placed to the Rear of Trains—Railroad News

New York, Jan. 11.—Stockholders of the Pennsylvania Railroad company will be asked by the management of that company to authorize the issue probably of \$100,000,000 additional capital stock and \$100,000,000 in bonds. The question will come before the stockholders at their annual meeting on March 12, according to an announcement made by the management yesterday. It was stated that the company is not planning any large improvements beyond those already announced.

In the formal announcement which will be issued the stockholders of the Pennsylvania will be informed that, while it may not be necessary to issue any of the proposed new stock or bonds during the current year, the company desires to have the authority from its shareholders to make such an issue if circumstances require. The action is taken, the announcement will say, in view of the fact that the amount of capital stock already issued, with that reserved for the conversion of the outstanding convertible bonds, very nearly approaches the full sum now authorized.—Ohio State Journal.

An important change took place in the local force of Erie railroad employees today, when W. J. Robbins was officially appointed foreman and general manager of the interlocking station. Robbins has been an employee of the Erie for more than twelve years, and is well deserving of the promotion. Since the interlocking tower has been under the control of the Erie, he has been acting in the capacity of a tower operator. M. A. Gee, who has been foreman of the plant, was appointed chief electrician, and hereafter will have connection with the tower no further than looking after the repair of the apparatus. The change went into effect today.

A gang of five men, under the leadership of B. F. Townson, from Gallon, arrived at the local yards this morning and began the work of replacing all of the Big Four switch lights throughout the entire yards, with seven-day lights. The present lights will only burn one night without re-filling while the new ones will glimmer seven.

Superintendent F. J. Mosier, of the Erie, has issued a bulletin instructing yard men that when any extra non-vestibuled passenger cars are added to a train, they must in all cases be placed on the rear. To make the bulletin very effective, the officials call attention to a wreck which occurred on a western railroad recently, because of this neglect.

Court Happenings

A petition asking for the foreclosure was filed Friday morning in the court of common pleas by W. P. Vaughan of Cardington for the Morrow County Building and Loan Association against Catherine A. Riley and John S. Riley, Fred J. Lusch, H. G. Leffler and D. A. Terry.

The petition relates that Mr. and Mrs. Riley on Dec. 30, borrowed \$700 from the loan company for a period of three years. To secure the payment of this loan they gave a mortgage on a lot in Ballantine's addition to the city of Marion. It is claimed that no part of the note has ever been paid, except interest of \$24.50 up to June 30, 1904. The other defendants claim some interest on loan on the proper-
